COMPANY OVERVIEW

V Consulting Services is a WBENC-certified Women-Owned Small Business specializing in AI (Automated Intelligence) systems for federal civilian agencies and state and local governments. Georgia LLC, formed October 2018. Available as a prime or subcontractor on WOSB set-aside and unrestricted task orders.

We replace slow, dependency-driven government IT models with deployable, agency-owned AI systems. The agency is in command when the engagement ends.

COMMON AGENCY CHALLENGES

- Backlogs in case processing and service delivery
- Delays in FOIA and document response timelines
- Workforce capacity constraints across mission-critical functions
- AI governance mandates with limited internal resources

CORE CAPABILITIES

01 AI Readiness Assessment & Use Case Discovery

- NIST AI RMF-aligned evaluation of data, systems, and process maturity
- Prioritized AI use case portfolio and governance roadmap
- Sole-source eligible at simplified acquisition threshold

02 Agentic AI Workflow Automation

- AI agents for end-to-end government workflow automation
- Integration with ServiceNow, Salesforce, and legacy systems
- Contact centers, case management, benefits processing

03 Secure Document Intelligence & RAG Systems

- RAG systems deployed on agency-owned infrastructure
- FOIA acceleration, contract review, policy analysis
- No data leaves the secure environment

04 AI Governance & NIST AI RMF Alignment

- OMB M-25-21 compliance: strategy, inventory, risk framework
- Chief AI Officer advisory support
- AI policy development and responsible AI governance

DIFFERENTIATORS

- No bait-and-switch staffing - the team you meet delivers the engagement
- Private sector AI precision translated directly into government environments
- WOSB set-aside eligible with genuine AI capability - not paper compliance
- Every engagement scoped with measurable KPIs: cycle time, productivity uplift, cost-per-transaction
- DC² (Digital Command & Control) - traceable, auditable, mission-aligned delivery
- Compliance-ready by design: NIST AI RMF, FISMA, Zero Trust from day one

PAST PERFORMANCE

Relevant past performance in regulated, compliance-driven environments aligned to federal standards (NIST, FISMA, HIPAA).

• AI Workflow Automation - Financial Services Firm

Deployed AI onboarding automation and analytics workflows for a regulated financial advisory firm, reducing manual processing time and improving compliance documentation accuracy.

• Agentic CRM Automation - Healthcare Organization

Designed and implemented HIPAA-compliant AI-powered client intake and workflow automation, replacing manual processes with intelligent routing and automated follow-up across the care coordination team.

• AI-Powered Infrastructure Modernization - Consulting Enterprise

Delivered end-to-end IT modernization with AI-assisted monitoring, automated backup and recovery, and Zero Trust security - functioning as a virtual AI-powered IT department.

• Secure Platform & Document Intelligence - Medical Services Provider

Rebuilt digital infrastructure with security-first architecture and intelligent document processing for patient records and compliance reporting.

NDA-protected client list available upon request.

PROPRIETARY METHODOLOGY

• Mission Readiness Assessment Three-layer diagnostic: Secure

Foundation (Zero Trust, FISMA, NIST), Intelligent Automation (agentic AI, workflow design), and Mission Enablement (contact centers, document intelligence, measurable KPIs).

• DC² - Digital Command & Control Proprietary delivery system ensuring every solution is traceable, auditable, and mission-aligned. Agency is in full command at engagement close - not dependent.

CODES & CERTIFICATIONS

Certifications	NAICS Codes
• SBA-Certified WOSB	• 541690 (Primary)
• WBENC-Certified	• 541512 541519
• City of Atlanta FBE/SBE	• 541611 541618
• ITIL Certified	• 541613 518210
• CompTIA A+	• 541430

PSC: 7D20 AI/ML & Analytics | R425 Eng/Tech | R408 Program Mgmt | 7A20 App Dev | R499 Prof Svcs | R799 Mgmt

Technology Partners: Microsoft | Cloudflare | Dell | HP | Bitwarden | RingCentral

ENGAGEMENT OUTCOMES

- 40 - 60% reduction in manual processing time
- 3 - 5x faster document retrieval and response
- Zero dependency post-engagement

Federal agencies are now required under OMB M-25-21 to publish AI strategies, build use case inventories, and stand up governance processes. The compliance window is open and timelines are tightening.

PRIMARY ENTRY POINT

AI Readiness Assessment - Fast-start engagement to identify high-ROI automation opportunities and build a defensible roadmap. \$25K - \$150K. No compliance certification required to award.

Contracting Options: WOSB Set-Aside (Sole Source eligible at SAT) | Open Market | Subcontracting through prime contractors
